Chemical suction & discharge Hose

Construction:

Tube	: XLPE, smooth
Reinforcement	: Plies of textile, steel wire helix, static wire
Cover	: EPDM, green, cloth finish
Electrical resistance	: $< 10^6$ Ohm
Temperature	: maximum of $+66^{\circ}$ C
Vacuum	: 0,9 Bar
Applications	: Suction & discharge hose, recommended for a wide range of chemicals, solvents, acids, petroleum products and aromatics
