

# Amogrit

## Sandblast Hose

### Construction:

Tube : NR, black, smooth  
Cover : SBR, black, cloth finish  
Electrical :  $<10^6$  Ohm  
Resistance  
Applications : Sandblast hose, highly abrasive

### Technical data Amogrit

| Inside Diameter | Outside Diameter | Working Pressure | Burst Pressure | Maximum Length |
|-----------------|------------------|------------------|----------------|----------------|
| Inch mm         | mm               | Bar              | Bar            | Mtr            |
| 1/2" 13         | 27               | 12               | 36             | 40             |
